

Join the movement. Amplify your voice. Lead change in your state.

Are you passionate about healthcare justice? Do you believe patients should come before politics? You are not alone - your voice is powerful, and we need you.

Across the country, patients are denied access, treatments are delayed, and lives are put at risk. Healthcare must be a right, not a privilege. SHADE access unmuted is building a nationwide movement to change that. We're mobilizing advocates like you to lead rallies in every state, demanding patient-centered policies and healthcare equity for all. Your leadership matters. Your voice can spark change.

As a State Rally Leader, you'll organize a local rally that brings together patients, families, and allies to demand real solutions. We'll equip you with the tools, resources, and support you need to make an impact. **The time for action is now. Stand with SHADE. Lead the fight for healthcare justice in your state.**

What You'll Do:

- **Amplify Voices** - Share your story and empower others to do the same.
- **Build Connections** - Grow partnerships with advocates, families, and allies in your state.
- **Lead a Rally** - Coordinate a local event to raise awareness and drive action.
- **Elevate Patient Voices** - Support public outreach efforts that demand meaningful change.

What We Provide:

- **Comprehensive Rally Toolkit** - Step-by-step guidance on permits, media outreach, signage, communication strategies, and more.
- **Personalized Coaching** - One-on-one planning calls with the SHADE access unmuted team to support your rally efforts.
- **National Network Support** - Connections to fellow leaders and promotion through SHADE's expansive advocacy community.
- **Ready-to-Use Resources** - Graphics, templates, and social media support to amplify your message effectively

Why Rallies Matter:

We are uniting communities under one undeniable truth: Health is not a privilege. Care should not be a

compromise. Every life deserves access, innovation, and dignity..

Rally leaders aren't just organizers; **they're the driving force of change** - amplifying voices, demanding action, and shaping the future of healthcare.

Ready to Lead?

You don't need experience - just passion, commitment, and the courage to speak up.

To schedule a call with our team and learn more about leading a rally in your state, send an email (including your name and state) to info@ShadeAccessUnmuted.org.

Let's amplify voices in every state. Together, we are **Access Unmuted**.
